

LED Tube Light T8 (4 Feet)

Our Tubes Lamps: High color rendering index (>Ra80), Low lumen depreciation, Safety and Environment freindly, Prominent Light effect and long life, best alternative to replace conventional fluorescent lamp.

POWER: The use of non-isolated constant current power supply resulted to a stable and flicker free lamp.

APPLICATION: Suitable to use in homes, Shopping malls, Supermarkets, Factories and other field director of time use.

MATERIAL: High grade PC materials, Light Uniformity output, soft and comfortable.

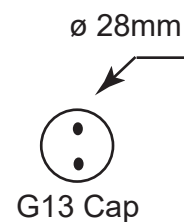

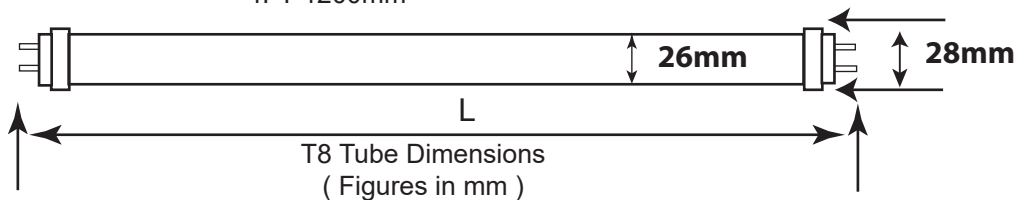

Specifiction summary:

Part No	BM-GLS418T
Dimension (mm)	Ø26 * 1198mm
Rated Power	18W
LED Chip	SMD2835
Luminous Flux	>1800 lm
CRI	> 80
Efficiency	100/110 lm/W
Power Factor	>0.90
Input Voltage	AC240V/50-60HZ

*RF Sensor series is paritcularly suitable for parking,corridor and other public places

Dimensions:

T8 Tube Length: 2FT - 600mm
4FT-1200mm

Lamp weight: 2ft 165g, 4ft 300g
